## *Vice-President's Report*

---

### **Vice President's Report for 2016 Annual General Meeting**

Since being appointed to this position I have attended a Focus Group meeting in regards to our proposed Health Professionals Regulation College. In attendance was the Assistant Deputy Minister of Health and couple of other government officials. Our President has since attended another meeting and will be able to give us the most up to date report on where our consortium application stands.

I have been attending all board meetings. There has been very few emails sent to the Vice President therefore this report is short and sweet.

Respectfully submitted,

Cheryl West  
Vice President

## *Recording Secretary*

---

Dear Members,

I have been in the role of Recording Secretary with CTABC for almost a year now. It has been interesting and challenging learning what happens behind the scenes to allow all of us to be part of this organization. I look forward to being part of the future changes that may happen to make this organization even better.

Regards,

Angela Rayson  
Recording Secretary.

## CEU Coordinator

---

Dear Members,

This is a challenging volunteer position especially for newly graduated cardiology techs. Usually, we the board and any other members who wish to assist meet as a group to tackle this thankless task. This did not occur this year and so the CEUs were done over a longer period of time. Next year is the end of the CSCT Triennium which means that all members will have to have submitted a total of 30 CEUs between Jan 1, 2014 and Dec 31, 2016. Each member's profile on the website will show the carryover CEUs leading up to this final year of the triennium. There is a CSCT CEU Delinquency fine if a member does not have this minimum therefore it will be paramount that there is a group effort to assess the CEUs as early as possible in 2017

## Provincial Education Coordinator

---

Dear Members,

This last year I accepted to take on a dual role on the Board of Directors as your Communications Director and Provincial Education Coordinator. Needless to say it was a busy exam sitting with the coordination, processing, and verification of applications. The CSCT exam was held in April 2016 at the Justice Institute of British Columbia. There were a total of 44 first time certification candidates and 8 rewrites for Part 1 of the exam. The exam was held over three days in order to accommodate the large number of exam candidates.

All correspondence and communications continue to be forwarded onto the appropriate board member. It is an honor and pleasure to be serving on the CTABC Board of Directors; I thank you for your continued trust in me.

Respectfully Submitted,

**Tay-Jann Mark**

Provincial Education Coordinator

Communications Director
